## INTRODUCTION.

In appearing, for the second time, before our Fellow-Citizens, as compilers of a Directory, for this, our rising and populous city, we cannot do so without embracing the present opportunity to return thanks for the patronage bestowed on our labors last year; although *some few* were found to complain of the increased price. To such we would say that it must, at once appear that the book is *twice* as large as when it was *threefourths* its present price; a *few* individuals *may* be found who would deem it more prudent in us, to curtail our expenses by omitting the Street Directory; but we are induced to continue it for many reasons, and not the least, that it has met with almost universal approbation, and has been proved to be of much utility to the Public, particularly where the streets are not numbered, which is by no means an uncommon circumstance in our city.

In presenting the present work thus early, we hope that it will be found as free from errors as possible; having used every precaution to ensure such a result. However, we would not be understood to present it as *perfect*; knowing the many disadvantages to be contended with in the compilation; disadvantages over which we have had no control—considerable apathy being evinced by many in giving their names, and having frequently to obtain the

information from persons unqualified to give it accurately, together with the possibility of going more than once to each house, being prevented by time, which presses in the publication of a work of this description; although, in most cases, where any doubt arose, such precaution has been used. In order to provide hereafter for such difficulty, we would suggest that the residents of our city should in future, leave written or explicit verbal instructions. The former is preferable, and thus save much time in the compilation, and contribute to the convenience of the public by facilitating the early appearance of the work, which has been heretofore so delayed.

## NOTICE

THE Publishers deem it due to the Public to ex-  
plain the cause of the delay in the publication of this  
work beyond the 15th instant, as contemplated:—  
Having met with an unforeseen disappointment from  
the establishment they had arranged with to print it,  
they were obliged, at some sacrifice of time, to  
enter into a new contract with another party; and  
which, except for the few days' delay to the Public,  
they have no cause to regret.

## ABSTRACT OF CITY CHARTER AS AMENDED TO THE PRESENT DATE.

*Title.*—The Mayor and Common Council of the city of Brooklyn.

*Wards.*—The city comprises nine wards. Act, April 6, 1840.

### CITY ELECTION AND OFFICERS.

The Annual Election for city officers, takes place on the second Tuesday in April.

The polls are held in each of the wards, at places designated by the Common Council.

*Officers elected.*—At the Annual election, Mayor, two aldermen, one constable, one collector, and two assessors are elected in each ward. Beside these, there is a general ticket for the first seven wards, of six supervisors. One of the candidates for the last mentioned office, must be taken from the eighth or ninth ward.

These officers enter upon their duties the first Monday of May, and hold their offices for one year; but the assessors are required to meet as a board on the Tuesday after they have taken the constitutional oath of office.

The Common Council on the first Monday of May, shall meet to appoint officers, such as president, weighers, measurers, gaugers, &c.

The Common Council also appoint a clerk, treasurer, comptroller, attorney, and counsellor, a street commissioner, a clerk for each market, two city collectors, and a number of marshals, not exceeding seven.

The mayor is authorised to appoint police marshals. Act, 1841.

### MISCELLANEOUS PROVISIONS.

The Common Council shall publish, every year, a statement of the financial concerns of the city, at least ten days before the annual election.

The Mayor shall possess, and may exercise, in the courts of Oyer and Terminer and General Sessions of the Peace in the County of Kings, the same powers as are by law exercised by either of the judges of the county courts.

The first seven wards shall constitute a fire and watch district.

The Supervisors of the city and Common Council, shall meet together annually on the third Monday of May. The board thus formed shall then determine what sum, in addition to that which may be directed by the general board of supervisors of the county of Kings, to be raised to defray county charges, is necessary to be raised by tax for the various public purposes of said city—the sum so fixed not to exceed fifty thousand dollars, unless the excess be authorised by a special act of the legislature; except that they may add to the amount they may determine to raise, such further sum as may be necessary for the fire department, engines, engine-houses, implements, &c.

The expense of the fire and watch districts, shall be borne by the first seven wards.

The aldermen of each ward, are fence viewers for their respective wards.

The members of the Common Council shall be fire wardens, and the Common Council may appoint other fire wardens.

The Common Council of the city, or such of their number, in conjunction with the Mayor, as they may designate for that purpose, shall be commissioners of excise for the city, and as such, may grant licenses to tavern keepers and grocers, to sell liquors and wines in the cases and manner prescribed in the Revised Statutes of this State.

The Common Council may pass ordinances to regulate ordinaries, victualling, and oyster-houses, or cellars and places where porter, ale, or strong beer, currant wine, and cider, cherry wine, and metheglin, or any of them may be drank, and to require the same to be licensed.

The Common Council is constituted a Board of Health, and the Mayor of the city shall be President of the same.

The Board of Health is empowered to appoint, annually, a Health Physician,

No vessel, subject to the examination of the health officer of the Port of New York, shall approach Brooklyn, beyond Quarantine, without a permit from said Health officer—and the master of every such vessel is to report his arrival to the President of the Board of Health.

Any person practising physic in the city, who shall have any patient laboring under a malignant fever, or cholera, or any pestilential or infectious disease, shall forthwith make report of the same, signed by the said physician, to some one of the Board of Health.

All persons sick of any pestilential disease, may be removed to the City Hospital, or any other convenient place.

Vessels, lying at or near the wharves of the city, containing a quantity of gunpowder, considered dangerous in the opinion of the Mayor and any two aldermen, may be directed to remove to a distance not exceeding three hundred yards from the wharf or shore; and in case the master or person having charge of such vessel shall refuse to obey, he shall incur a fine of \$500.

The Common Council may prescribe and fix certain limits in the city, within which it shall not be lawful to carry on any noxious or offensive trades, manufactories, or establishments.

The Justices of the Municipal Court shall have all the powers, in criminal proceedings, of Justices elected in the several towns in this State.

The Common Council shall have power to call meetings of the freeholders, by giving eight days previous notice, at which meeting it shall be lawful for the taxable inhabitants to direct a sum of money to be raised, for purchasing a lot or lots of land, and for erecting thereon any public buildings which may be required for the city.

The Mayor and Common Council are empowered to raise by loan, not exceeding the sum of five hundred thousand dollars, on the credit of the city, for the purpose of erecting public buildings, and for otherwise improving and benefiting the said city—redeemable in twenty years, the rate of interest not to exceed six per cent., and the faith and property of the city shall be pledged for the redemption of the loans so procured.

By act of 1840, the weighers and measurers of the city of New York, who used to perform those duties on the Brooklyn shores, are prohibited, and those duties performed alone by Brooklyn officers.

Act incorporating the Atlantic Dock Company, passed 1840, and amended by act 1841, extending the line into the East river. The work now in progress. Capital \$600,000.

The grounds are situated on the heights of Gowanus. Several miles of avenue have been completed, in a general circuit round the grounds, and visitors are attracted from the city in considerable numbers daily, and are for the present admitted without reference to the rules hereafter to be enforced.

A great portion of the ground is covered with a fine old forest of native growth, which will of course be preserved and cultivated with care, and in due time those parts which have been cleared off for purposes of agriculture, will also be covered with appropriate plantations of shrubbery and trees, till the whole shall have acquired a character of *Sylvan still life* in harmony with the quietness and repose of the grave.

The burial lots cover an area of 300 square feet with a margin of one foot additional around it for the erection of an enclosure—they are valued at \$100. Lots of greater dimensions charged at the same rate per foot.

Subscribers to 4 lots laid out together will include the margin or an equivalent area, and the price to each subscriber is \$320, or at the rate of \$80 per lot.

When the lots are paid for the Trustees will deliver a good and sufficient title deed.

The lots are held generally under the same conditions and limitations as Mount Auburn Cemetery at Boston, and the Trustees are empowered to make such rules, regulations and by-laws for the government of the Cemetery, from time to time, as may be necessary.

A particular exposition of the plan and organization of the company is contained in a pamphlet to be had *gratis* at the Office of the Company.

# LEVI BROWN'S EVER-POINTED PREMIUM GOLD PEN.

The combined qualities of incorrosibility and durability, possessed by this new and beautiful article, may justly claim for it the title of "Ever pointed." The body of the pen is of gold, an incorrosible metal, highly polished, and will always retain its elasticity and beauty, and the "points" are formed of metal second in hardness to no substance heretofore discovered, having the indissolubility of diamond, and wholly insensible to corrosion. In addition to these enduring properties, it has the softness and smoothness of the quill pen, and its incorrosibility allows a free and pleasant flow of ink. The nicest workmanship and long application have been necessary to perfect it, and it is now offered as the "Ne Plus Ultra" of pens, having the beauties of the quill and metallic pen combined with its own peculiar excellency of always retaining the same elasticity, the same easy flow, and the same beautiful stroke, unchangeable by time and use. This pen has been in use for five years, without the least perceptible wear.

**W**arranted for one year. None are genuine except those manufactured by L. Brown.

## MORE CONVINCING PROOFS.

I have been troubled with an alarming cough, which settled on my lungs, and threatened almost immediate death. I made use of many cough remedies, without experiencing any relief, and was induced to make trial of Pease's Horehound, and it afforded immediate relief, and I now enjoy as good health, if not better, than I have for ten years, and would recommend it to all.

E. B. MESERVE, 121 First street.

I have used Pease's Essence of Horehound Candy, and have found it an invaluable medicine for the purpose of which it is intended.

J. LINDSEY, Pastor of M. E. Church,

Second street.

Rev. W. C. Hawley, 96 Crosby street, has also tested the virtues of Pease's Candy.

Elder Knapp, has also used Pease's Horehound Candy, and recommends it to public speakers.

Rev. J. Crawford, Pastor of the M. E. Church, 10 Forsyth st., has used Pease's Medicated Candy, and recommends it to all those whose avocation requires the use of the voice.

Rev. Dr. S. Luckey, P. E. of the N.Y. District, has used Pease's Candy, and recommends it to all those who are in use of its healing and curative qualities.

Rev. Mr. Whitaker, Pastor of the Presbyterian Church Catharine street, corner of Madison, also has used and recommends Pease's Horehound Candy.

Full 2000 testimonials have been handed in by some of our most popular physicians, counsellors, clergymen, and most respectable citizens, in performing what is promised of Pease's Compound Candy.

## PRIVATE DEBATE.

*Dialogue between two friends meeting, one looking well and the other weak and sickly.*

A. Why, Tom, how well and hearty you are looking. The last time I saw you, you were worse, if anything, than myself (coughs) Oh! this horrid cough.

**YEARLY ADVERTISER.**

Tom. Ha ha! I can make a man of you in a short time—give you a whole pair of lungs, and breathe new life into you.

A. Tell me how. (coughs) Oh, oh! I have tried every thing, and almost despair.

Tom. The simplest remedy in the world. Pleasant to the eye—sweet to the taste—and can be purchased for a trifle.

A. Never mind the price. (coughs) Money is of little use when life is uncomfortable. Where can I purchase it. (coughs) Take pity on me.

Tom. Will you promise to advise all your friends, and save all you can from consumption?

A. Most willingly. (coughs) Oh! I shall burst a blood vessel.

Tom. The remedy is Pease's & Son's Horehound Candy, at 45 Division street. Go and buy two or three packages, and you will thank me to the last day of your life.

A. Excuse me, Tom, I can't stay any longer. I'm off to Pease's at once. [Exit in haste.]

Pedlars nor confectioners do not sell the genuine Pease's Horehound Candy. Each envelope of the genuine is signed, J. Pease & Son.
